2. Polymeric hydrogel as an efficient adsorbent for the removal of Malachite Green from water, Dhanya K.R. & Gigimol M.G, *Alfomine, An International Journal, Part A-Sciences*, November **2011**, Vol. 1, No.1,p.78-85.
3. TTEGDA-crosslinked acrylicacid-N-vinylpyrrolidone copolymeric hydrogels in water purification Studies, Dhanya K.R. & Gigimol M.G, Peer Referred Quarterly Interdisciplinary Research Journal, *Research Scholar,* March **2012**, Vol II, No.I-A.

Papers Published in International Conference/Seminar

1. Polymeric hydrogels in water purification studies, Dhanya K.R. & Gigimol M.G, Arts, Culture, Science, Technology, Management and Social Development and faculty development program, Published by University of Malaya (Accepted).
2. Synthesis and characterization of crosslinked polyN-vinyl pyrrolidone and Binding of Rose Bengal by poly-N-vinylpyrrolidone, Gigimol M.G, Dhanya K.R and Beena Mathew, *International Conference on Functional Polymers,* Jan **2011**, 28-30, NIT Calicut.
3. Treatment of wastewater by using TTEGDA-crosslinked acrylicacid-N-vinyl pyrrolidone copolymeric hydrogel, Gigimol M.G, Dhanya K.R and Beena Mathew, *International Conference on Functional Polymers*, Jan **2011**, 28-30, NIT Calicut.
4. Role of polymeric hydrogels in the environment, Dhanya K.R, Gigimol M.G, and Beena Mathew, 178 technical meeting, **October 2010, 12 -14,** Rubber division, ACS, Milwaukee, WI, USA (Online).
5. Hazardous dye removal by polymeric hydrogel, M.G. Gigimol, K.R Dhanya and M. Beena, *36th International Symposium on Environmental Analytical Chemistry (ISEAC 35),* October **2010,**5- 9, Rome (Online).
6. Processing and characterization of polymeric hydrogels and removal of hazardous dye Malachite Green from water, Dhanya K.R & Gigimol M.G, *Materials Science and Engineering, MSE-2010 Congress (International Conference) in Technical University Darmstadt,* Germany **2010**.

7. Significance of polymeric hydrogels for the removal of hazardous dye Malachite Green from water, Dhanya K.R, B. Mathew & Gigimol M.G *2nd International Conference on Polymer Processing & Characterization,* January **2010,** 15-17, Mahatma Gandhi University, Kottayam.

8. Malachite Green-Hazardous Dye Removal From Water Using Polymeric Hydrogels, Dhanya K.R, B.Mathew & Gigimol M.G**,** *International conference on Nanomaterials and their applications*, December **2009**, 18-19, Central College, Bangalore.

Papers Published in National Conferences/ Seminars

1. Applications of TTEGDA-crosslinked acrylicacid-N-vinylpyrrolidone copolymeric hydrogel, Dhanya K.R & Gigimol M.G, *National Conference on Modern Trends in Organic Chemistry (MTROC-2012),* February 23-24 **2012**, Dept. of Chemistry, Baselius College, Kottayam.

2. Impact of polymeric hydrogels on water purification, Dhanya K.R & Gigimol M.G, *National Seminar on Green Chemistry-The Ultimate Tool for Pollution Control*. 14-15 February **2012**, Dept of Chemistry, Assumption College, Chenganacherry.

3. Water pollution and purification studies by using copolymeric hydrogels, Dhanya K.R & Gigimol M.G, *National Conference on Current Trends in Chemistry,* Dept of chemistry, December **2010**, 2-3, School of Chemical Science, Bharathiyar University, Coimbatore.

4. Rose Bengal Bound NNMBA-crosslinked aminopolyacrylamide as polymeric photosensitizer**,** Gigimol M.G, Dhanya K.R & Beena Mathew, *National Conference on Current Trends in Chemistry NCCTC-10,* December **2010,** 2-3, Bharatiar University, Coimbatore.

5. Photooxidizing ability of NNMBA-crosslinked aminopolyacrylamide, Gigimol M.G, Dhanya K.R & Beena Mathew, National Conference on current trends in Chemistry, NCCTC-10., *December **2010**,* 2-3,Bharatiar University, Coimbatore.

6. Influence of polymeric hydrogels in Green Chemistry, Dhanya K.R and Gigimol M.G, *National Seminar on Green Chemistry,* July **2010**, 16-17, Alphonsa College**,** Pala, p. 55-60.

7. Copolymeric hydrogel for the removal of the hazardous dye malachite green from water, Dhanya K.R & Gigimol M.G, *National Conference on Advances in*

*Nanoscience & Technology, NANOSAT-10,*April **2010**, 22-23, Amal Jyothy College of Engineering, Kanjirappally, Kottayam.

8. Adsorption of Rose Bengal by crosslinked Poly (N-vinylpyrrolidone), Gigimol M.G**,** Dhanya K.R & Beena Mathew, *97th Indian Science Congress,* January **2010**, 13-17, Thiruvananthapuram, University of Kerala, p. 60, (Poster Presentation).

9. Hazardous dye removal using polymeric hydrogels; Dhanya K.R & Gigimol M.G, *22nd Kerala Science Congress*, January **2010,** 28-31,Kerala Forest Research Institute, Peechi.

10. Purification of industrially caused wastewater by acrylicacid-N-vinyl pyrrolidone copolymeric hydrogel, Dhanya K.R, B. Mathew & Gigimol M.G, *National Seminar on Chemistry and Biochemistry*, December **2009**, 2-4, Thyagarajar College of Engineering, Madurai, (Poster Presentation).

11. *C*haracteristic properties of TTEGDA-crosslinked acrylicacid-N-vinyl pyrrolidone-copolymeric hydrogel for the removal of hazardous dye Brilliant Blue G from water, Dhanya K.R, B. Mathew & Gigimol M.G, *National Workshop/Seminar on the Chemistry of Nanomaterials-Synthesis, Properties & Applications*, November **2009**, 6-7, Andhra Christian College, Guntur (Poster Presentation).

12. Importance of HDODA-crosslinked acrylicacid-N-vinylpyrrolidone-copolymeric hydrogel for the removal of the hazardous dye Malachite Green from water, Dhanya K.R, R.L. Jose, B. Mathew & Gigimol M.G, *CHEMFERENCE'09 Annual Research Symposium, Department of Chemical Engineering*, August **2009**, 22-23, *IIT, Chennai*, (**Got Best Poster Presentation Award***).*

13. Kinetics of Adsorption of the Hazardous Dye Brilliant Blue G From Aqueous Solution, Dhanya K.R, R.L. Jose, Gigimol M.G & B. Mathew *7th National Conference on Advances in Physical and Theoretical Chemistry,* March **2009**, 19-20, University of Calicut (Poster Presentation).

14. Adsorption of Acid Black 194 from aqueous solution, R.L. Jose, Dhanya K.R, B. Mathew & Gigimol M.G, *7th National Conference on advances in Physical and Theoretical Chemistry,* March **2009**, 19-20, University of Calicut, (Poster Presentation).

15. Effective polymeric hydrogel as the adsorbent for the removal of Malachite Green from aqueous solutions., Dhanya K.R, B. Mathew & Gigimol M.G, *National Conference on Novel Polymeric Material*, January **2009**, 21-22, Stella Maris College, Chennai.

16. Role of 5 mol% NNMBA-crosslinked acrylicacid–N-vinylpyrroliodone copolymeric hydrogel for the removal of the hazardous dye Malachite Green from water, Dhanya K.R, B. Mathew & Gigimol M.G, *7th National Seminar on Recent Trends in Organic Chemistry***,** January **2009**, 16-18.

17. Removal of the hazardous dye Malachite Green from polluted water**.,** Dhanya K.R, B. Mathew & Gigimol M.G**,** *National Seminar on New Frontiers in Chemistry,* January **2009**, 8-9, Auxilium College, Vellore, Tamil Nadu.

18. Novel polymeric hydrogel for the removal of the hazardous dye Malachite Green from aqueous solutions, Dhanya K.R, B. Mathew & Gigimol M.G *7th National Seminar–Current Advances in Chemical Science*, November **2008**, 26-27, S.H College Thevara.
